Keyless & Safe

Samsung Smart Door Lock SHS-H505

Convenient Feature

- **Wide touch pad screen**
- **User-friendly accessibility**

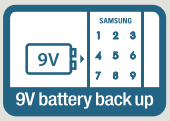
User Access Code

Key Tag

Mechanical Override Keys

- **Keypad volume control**
  Volume adjustable (3 levels including mute)

- **9V battery back-up**
  When batteries are discharged, put 9V battery to back-up power.



- **Low battery warning signal**
  A beep sound during door access will alert you to replace batteries.

Powerful Security

Random security code feature

User access code will be pressed after pressing two random numbers, preventing intruders from checking the fingerprint marks left.

2 random numbers appear before entering user access code

Press the user access code

Impossible to guess user access code due to random fingerprint marks

Automatic locking

The automatic locking feature eliminates the need to re-check for the door lock when you go out. Feel at ease when you go out and keep your home safe.

Double authentication

The double authentication mode strengthens security. User access code plus card must be authenticated to open the door(Optional).

Anti-theft mode

When leaving, the user can set up the anti-theft mode by simply pressing the button, preventing tampering by creating a warning sound.
